Disclosures:

- Argent Capital Management, LLC ("Argent") is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940. As of October 2022, Argent was redefined to exclude the wrap division. Argent claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Argent has been independently verified for the periods January 1, 2003 through December 31, 2022. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Argent Large Cap Growth Equity Composite has had a performance examination for the periods January 1, 2003 through December 31, 2022. The verification and performance examination reports are available upon request. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.
- This composite represents investment performance for portfolios in U.S. equities with strong earnings and growth characteristics and large capitalization, for which Argent has sole investment discretion. Portfolios typically include 30-40 equity holdings; with fixed investments initially less than 5% of total portfolio value, never exceeding 10% and cash targeted to be less than 10% of total portfolio value. This composite inception date is October 1998 and was created in January 2003. A list of composite descriptions and broad distribution pooled funds are available upon request.
- The composite is compared to the Russell 1000 Growth® Index and the S&P 500® Index, two benchmarks that may be generally relevant to the Large Cap Growth strategy's large cap growth investment style. The Russell 1000 Growth Index which measures the performance of the large-cap growth segment of the U.S. equity universe. It includes those Russell 1000 companies with higher price-to-book ratios and higher forecasted growth values. The S&P 500® Index measures the performance of 500 large companies listed on stock exchanges in the United States. It is one of the most commonly followed equity indices.
- Valuations are computed and performance reported in U.S. currency. Performance results are total return, (i.e. include the reinvestment of all income, including but not limited to dividends received). Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Past performance is no guarantee of future results. There is no guarantee that strategies, systems, indicators, or signals will result in profits or that they will not result in a full loss or losses. All investors are advised to fully understand all risks associated with any kind of investing they choose to do.
- Gross performance is presented before management and certain custodial fees, but after all trading expenses except where commissions have been waived or for bundled fee accounts. Net-of-fee performance is calculated by reducing gross performance by actual management fees incurred and bundled fees for applicable portfolios. The composite includes bundled fee portfolios that pay a fee based on a percentage of assets under management. Bundled fees may include trading costs, portfolio monitoring, consulting services, and custodial services. The composite included bundled fee accounts which represented less than 1% of composite assets during the periods of 2011 - 2019. The composite included portfolios where commissions were waived representing approx. 32% (2019), 34% (2020), 40% (2021), 35% (2022) and 36% (2023) of composite assets.
- Argent's annual advisory fees are calculated as a percentage of assets under management according to the following schedule: 1% on the first \$1M, .80% on the next \$2M, .65% on the balance thereafter, although fees may be negotiated or waived in certain circumstances. Non-fee-paying accounts are reduced by a model fee derived by applying the standard fee schedule in effect for the respective period.
- Internal dispersion is calculated using the asset-weighted standard deviation of all portfolios that were included in the composite for an entire year, net of fees. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The external deviation is based on the 36-month gross-of-fees returns of the composite and the benchmark.

Disclosures:

1. Argent Capital Management, LLC ("Argent") is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940. As of October 2022, Argent was redefined to exclude the wrap division. Argent claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Argent has been independently verified for the periods January 1, 2003 through December 31, 2022. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Argent Large Cap Dividend Select Composite has had a performance examination for the periods January 31, 2005 through December 31, 2022. The verification and performance examination reports are available upon request. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

2. This composite represents investment performance for portfolios with an Equity Income investment objective for which Argent has sole investment discretion. Portfolios typically include 30 – 40 equity holdings with a history of dividend payments, zero fixed investments, and cash targeted to be less than 10% of the total portfolio. Prior to 7/1/21 accounts in the composite were eligible if they held 80% equities, excluding mutual funds and 20% of fixed income, mutual funds and preferred investments. The composite inception date is January 2005 and was created in September 2011. A list of composite descriptions and broad distribution pooled funds are available upon request. The name was changed from Argent Large Cap Equity Income Composite to Argent Large Cap Dividend Select Composite in September 2012.

3. The benchmark is the Russell 1000 Value Index which measures the performance of the large-cap value segment of the U.S. equity universe. It includes those Russell 1000 companies with lower price-to-book ratios and lower expected growth values. Performance results prior to December 31, 2012 were measured against the S&P 500 Index. Effective September 30, 2018 we will no longer present the S&P 500 Index. Russell Investment Group is the source and owner of the Russell Index data contained or reflected in this material and all trademarks and copyrights related thereto. The presentation may contain confidential information and unauthorized use, disclosure, copying, dissemination or redistribution is strictly prohibited.

4. Valuations are computed and performance reported in U.S. currency. Performance results are total return, (i.e. include the reinvestment of all income, including but not limited to dividends received). Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Past performance is no guarantee of future results. There is no guarantee that strategies, systems, indicators, or signals will result in profits or that they will not result in a full loss or losses. All investors are advised to fully understand all risks associated with any kind of investing they choose to do.

5. Gross-of-fee returns are presented before management and certain custodial fees, but after all trading expenses except where commissions have been waived. Net-of-fee performance is calculated by reducing gross performance by actual management fees incurred. The composite included portfolios where commissions were waived representing approx. 20% (2019), 20% (2020), 29% (2021), 24% (2022), and 26% (2023) of composite assets.

6. Standard annual advisory fees are calculated as a percentage of assets under management according to the following schedule: 1% on the first \$1M, .80% on the next \$2M, .65% on the balance thereafter, although fees may be negotiated or waived in certain circumstances. Non-fee-paying accounts are reduced by a model fee derived by applying the standard fee schedule in effect for the respective period.

7. Internal dispersion is calculated using the asset-weighted standard deviation of all portfolios that were included in the composite for an entire year, net of fees. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The external deviation is based on the 36-month gross-of-fees returns of the composite and the benchmark.

Disclosures:

1. Argent Capital Management, LLC ("Argent") is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940. As of October 2022, Argent was redefined to exclude the wrap division. Argent claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Argent has been independently verified for the periods January 1, 2003 through December 31, 2022. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Argent SMID Cap Composite has had a performance examination for the periods January 1, 2020 through December 31, 2022. The verification and performance examination reports are available upon request. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

2. This composite represents investment performance for portfolios in U.S. equities with both mid & small-capitalization showing strong earnings, with both growth and value characteristics, for which Argent has sole investment discretion. Portfolios typically include 40-50 equity holdings and cash targeted to be less than 10% of total portfolio value. This composite inception date is December 2019 and was created in December 2020. A list of composite descriptions and broad distribution pooled funds are available upon request.

3. The benchmark is the Russell 2500® Index which measures the performance of the 2,500 smallest companies in the Russell 3000 Index, with a median capitalization of \$1.2 billion. Russell Investment Group is the source and owner of the Russell Index data contained or reflected in this material and all trademarks and copyrights related thereto. The presentation may contain confidential information and unauthorized use, disclosure, copying, dissemination, or redistribution is strictly prohibited. This is a presentation of Argent. Russell Investment Group is not responsible for the formatting or configuration of this material or for any inaccuracy in Argent's presentation thereof.

4. Valuations are computed and performance reported in U.S. currency. Performance results are total return, (i.e. include the reinvestment of all income, including but not limited to dividends received). Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Past performance is no guarantee of future results. There is no guarantee that strategies, systems, indicators, or signals will result in profits or that they will not result in a full loss or losses. All investors are advised to fully understand all risks associated with any kind of investing they choose to do.

5. Gross-of-fee fee returns are presented before management and certain custodial fees, but after all trading expenses except where commissions have been waived or for accounts with asset-based pricing fees. Net-of-fee performance is calculated by reducing gross performance by actual management fees incurred and any asset-based-pricing fees for applicable portfolios as asset-based-pricing fees are considered a trading expense. During 2020 - 2023, all portfolios in the composite had their commissions waived.

6. Standard annual advisory fees are calculated as a percentage of assets under management according to the following schedule; 0.35% on the balance of the account, although fees may be negotiated or waived in certain circumstances. Non-fee-paying accounts are reduced by a model fee derived by applying this standard fee schedule in effect for the respective period. Note: Effective June 30, 2023, net-of-fees for all periods, since inception, has been revised to reflect a standard flat 0.35% fee. Individual composite accounts have had their fees adjusted and refunded.

7. Internal dispersion is calculated using the asset-weighted standard deviation of all portfolios that were included in the composite for an entire year, net of fees. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The external deviation is based on the 36-month gross-of-fees returns of the composite and the benchmark. The standard deviation is not presented for 2020 & 2021 since the composite inception date of 12/31/19 does not provide historical data to calculate a 3-year formula.

Disclosures:

1. Argent Capital Management, LLC ("Argent") is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940. As of October 2022, Argent was redefined to exclude the wrap division. Argent claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Argent has been independently verified for the periods January 1, 2003 through December 31, 2022. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Argent Focused Small Cap Composite has had a performance examination for the period 11/30/22 to 12/31/22. The verification and performance examination reports are available upon request. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

2. This composite represents investment performance for portfolios invested in equities within the Russell 2000 index for which Argent has sole investment discretion. Portfolios will include approximately 35 – 45 small cap equity holdings, with zero fixed investments and cash targeted to be less than 10% of total portfolio value. The composite inception and creation date is November 2022. A list of composite descriptions and broad distribution pooled funds are available upon request.

3. The benchmark is the Russell 2000® Index which measures the performance of the small-cap segment of the U.S. equity universe. It includes approximately 2,000 of the smallest securities based on a combination of their market cap and current index. Russell Investment Group is the source and owner of the Russell Index data contained or reflected in this material and all trademarks and copyrights related thereto. The presentation may contain confidential information and unauthorized use, disclosure, copying, dissemination, or redistribution is strictly prohibited. This is a presentation of Argent. Russell Investment Group is not responsible for the formatting or configuration of this material or for any inaccuracy in Argent's presentation thereof.

4. Valuations are computed and performance reported in U.S. currency. Performance results are total return, (i.e. include the reinvestment of all income, including but not limited to dividends received). Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Past performance is no guarantee of future results. There is no guarantee that strategies, systems, indicators, or signals will result in profits or that they will not result in a full loss or losses. All investors are advised to fully understand all risks associated with any kind of investing they choose to do.

5. Gross-of-fee returns are presented before management and certain custodial fees, but after all trading expenses except where commissions have been waived or for accounts with asset-based-pricing fees. Net of fees returns are calculated by applying a model fee of 0.0875% on a quarterly basis. This equates to a model fee of 0.35% which is the standard fee schedule for this strategy. The composite included portfolios where commissions were waived representing 100% (2022) and approx. 94% (2023) of composite assets.

6. Standard annual advisory fees are calculated as a percentage of assets under management according to the following schedule; 0.35% on the balance of the account, although fees may be negotiated or waived in certain circumstances. Focused Small Cap Portfolios are also available under a performance based fee which include a Hurdle Rate of 10% (Blended), Carried Interest of 10.0% with an annual Fee Cap of 0.70% . Additional performance fee schedule information is located in our ADV Disclosure Brochure.

7. Internal dispersion is calculated using the asset-weighted standard deviation of all portfolios that were included in the composite for an entire year, net of fees. The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The external deviation is based on the 36-month gross-of-fees returns of the composite and the benchmark. The standard deviation is not presented since the composite inception date of 11/30/22 does not provide historical data to calculate a 3-year formula.
